AI-Based LT Line Fault Detection & Automatic Emergency Shutdown

Generated On: 08-07-2026 11:16:21 PM

Sensor Readings

Voltage : 230.0 V
Current : 5.0 A
Frequency : 50.0 Hz
Temperature : 30.0 °C

AI Prediction

Detected Fault : Normal
Confidence : 100.00 %
Grid Health : 100 %
Emergency Shutdown : NO

AI Recommendation

Grid operating normally. No action required.
