## Smart Grid Fault Detection Report

Report ID: GG-20260710-005326

Generated: 10-07-2026 00:53:26

| Parameter        | Value        |
|------------------|--------------|
| Voltage (V)      | 181.9        |
| Current (A)      | 0            |
| Frequency (Hz)   | 50.25        |
| Temperature (°C) | 30.2         |
| Detected Fault   | Undervoltage |
| AI Confidence    | 54.00%       |
| Grid Health      | 50%          |

## AI Recommendation

### Grid Status

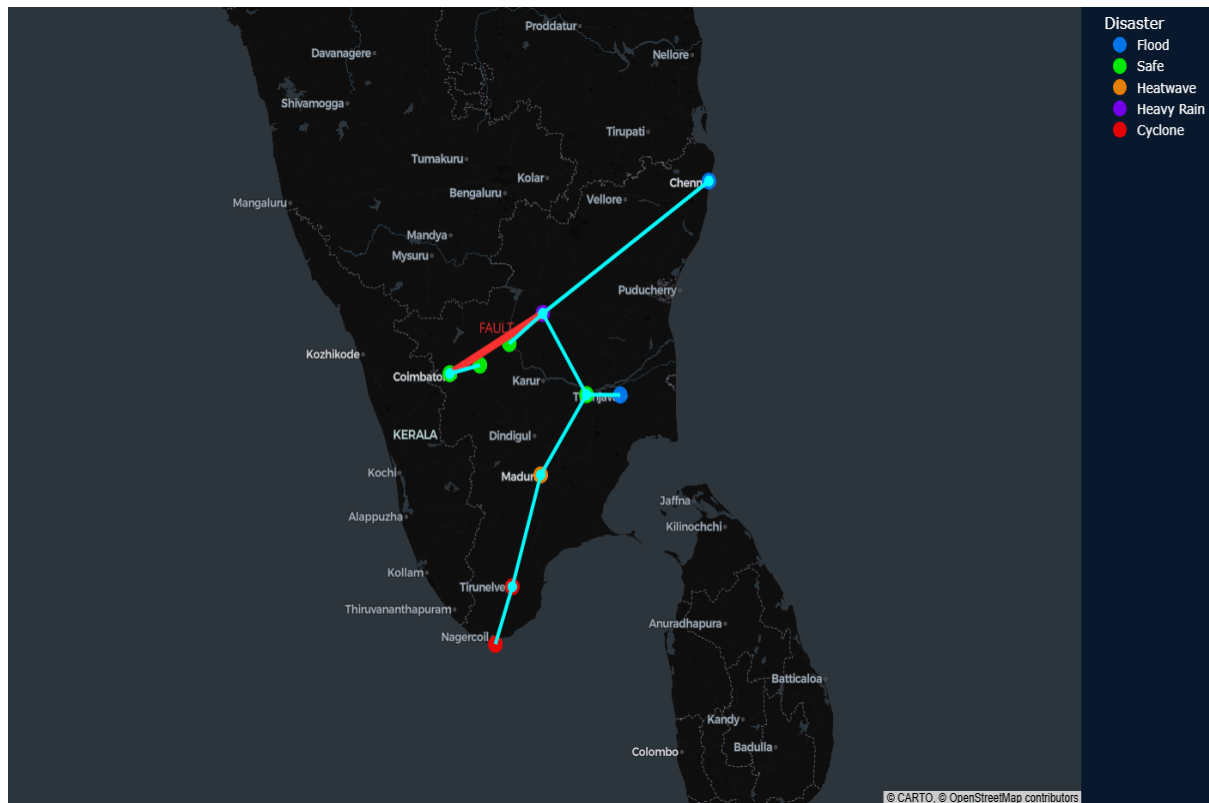

■ EMERGENCY SHUTDOWN RECOMMENDED

■ EMERGENCY SHUTDOWN RECOMMENDED
