## Smart Grid Fault Detection Report

Report ID: GG-20260711-023342

Generated: 11-07-2026 02:33:42

| Parameter        | Value       |
|------------------|-------------|
| Voltage (V)      | 280.0       |
| Current (A)      | 10.0        |
| Frequency (Hz)   | 50.0        |
| Temperature (°C) | 30.0        |
| Detected Fault   | Overvoltage |
| AI Confidence    | 82.00%      |
| Grid Health      | 40%         |

## AI Recommendation

### Grid Status

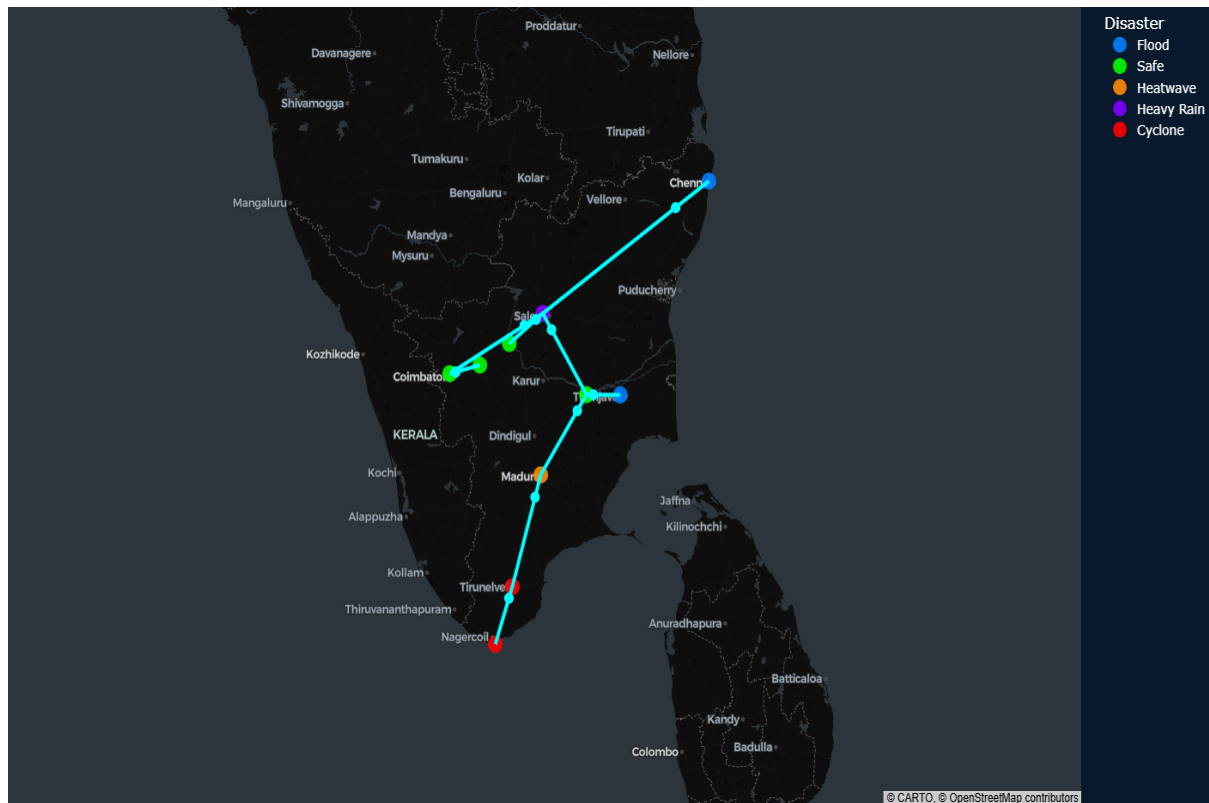

■ EMERGENCY SHUTDOWN RECOMMENDED

■ EMERGENCY SHUTDOWN RECOMMENDED

### Grid Status
